VOL. XXIII

RENO, WASHOE COUNTY, NEVADA, SATURDAY, APRIL 16, 1887.

NO. 14

MISCELLANEOUS

The Governor of Michigan has issued a proclamation naming Thursday, the 28th inst., as Arbor Day. The light on the Bartholdi Liberty statue, it is stated officially, is visible 23 miles beyond Sandy Hook on a clear evening.

Mrs. Bishop H. Warren, said to be the richest woman in Colorado, made her own money by cattle-raising and is now worth \$10,000,000.

There are in the United States 5,338 libraries, containing 205,622,076 volumes, or enough to furnish three books to every living inhabitant.

Senator Sherman has just sold some property at Findlay, Ohio, for \$30,000, which cost him \$18,000 a month ago, and has refused \$125,000 for a tract for which he paid \$30,000.

Sister Mary Innis, of Mercy Convent, Pittsburg, has turned over all her share in her father's estate, amounting to more than \$100,000, to the Sisters, for benevolent uses.

Mrs. Governor Martin, of Kansas, registered and voted at the municipal election. It is stated that her persuasions decided Governor Martin to sign the bill giving municipal suffrage to women.

The Baltimore & Ohio Railroad Company has recently appropriated \$25,000 for the establishment of a technical school for railroad mechanics, and votes to give \$20,000 annually for its maintenance.

The Texas Legislature has passed a very elaborate public land bill, giving the farmer a chance to secure a homestead on 40 year's credit at 5 per cent. interest. The cattlemen will not enjoy such vast privileges under the new law.

Good Advice.

Here is some good advice from the Portland (Or.) Telegram. It applies with equal force to the rising generation in this city: "Young man, get a house and then get a snug young woman to share it with you. Save your money and make the first payment on a lot. Continue to save until you have the lot paid for. Then mortgage the lot and put up a house. Keep on saving until the mortgage is lifted, and see how it will seem to have a home of your own, where you can go and lock out the entire world." The young man who follows this advice will, 20 years hence, be in comfortable circumstances—a capitalist, in fact—while his companion who cannot afford to marry, will puff away the proceeds of his labor in cigars, guzzling them in wine, enjoy (?) them in amusements and vices, and be a homeless man with a grievance at society and at capital, his life a constant round of selfishness, sensuality and discontent.

The Philosophy of Life.

The philosophy of Francis Bacon is the philosophy of life. "Despise no new accident in the body," said he, "but ask opinion of it; in sickness principally respect health, and in health action." There are many so-called slight affections which men think it brave not to notice. It is not brave; it is folly. As Bacon says, "despise no new accident in the body." Brandreth's Pills will remove effectually and at once, a thousand and one of the little ills of life that often, if neglected, take years to cure. Be sure to have with you always a box of Brandreth's Pills.

Bringing Gladness

To millions, pleasing their palates, and cleansing their systems, arousing their livers, kidneys, stomachs and bowels to a healthy activity. Such is the mission of the famous California liquid fruit remedy, Syrup of Figs. Fifty-cent and \$1 bottles for sale by Wm. Pinniger, Reno, Nevada.

Notice!

Manning & Jaques have been commissioned by the Reno Gas Co., as a competent firm to do their gas-fitting, and the company would recommend parties having work of the above character to do, to employ only the best workman, thereby saving much annoyance and expense.

Wm. Thompson, Supl. of Reno Gas Co.

SHILOH'S Cough and Consumption Cure is sold by us on a guarantee. It cures Consumption. Sold by Osburn & Shoemaker.

SHILOH'S ITALIAN is what you need for Consumption, Loss of Appetite, Indigestion and all symptoms of Dyspepsia. Price 10 and 25 cents per bottle. Sold by Osburn & Shoemaker.

Simple and Sure.

The following prescription for dysentery, diarrhoea and all Summer complaints, is furnished by a prominent physician who used it in his practice for several years with uniform success. For adults, take one teaspoonful of Gilmore's Aromatic Wine and the same quantity of corn starch, after every discharge. For children, one teaspoonful of Gilmore's Aromatic Wine and the same quantity of corn starch. For infants under one year, ten drops of this Wine and enough corn starch to thicken it. This prescription is safe, sure and reliable. It does not leave the patient constipated, but restores to perfect health. Agent for Reno, W. Pinniger.

Enjoy Life.

What a truly beautiful world we live in. Nature gives us grandeur of mountains, plains and oceans, and thousands of means of enjoyment. We can desire better when in perfect health; but how often do the majority of people feel like giving it up disheartened, discouraged and worn out with disease when there is no occasion for this feeling, as every sufferer can easily obtain satisfactory proof that Green's August Flower will make them as free from disease as when born. Dyspepsia and liver complaint are the direct causes of 75 per cent. of such maladies as biliousness, indigestion, sick headache, constipation, nervous prostration, dizziness of the head, palpitation of the heart and other distressing symptoms. Three doses of August Flower will prove its wonderful effect. Sample bottles, 10c. Try it.

Thousands of Dollars Are spent every year by the people of this State for worthless medicines for the cure of throat and lung diseases, when we know that if they would only invest \$1 in SANTA ABIE, the new California discovery for consumption and kindred complaints, they would in this pleasant remedy find relief. It is recommended by ministers, physicians and public speakers of the Golden State. Sold and guaranteed by Osburn & Shoemaker, Reno, Nev., at \$1 a bottle. Three for \$2.50. The most stubborn case of catarrh will readily succumb to CALIFORNIA CAT-R-CURE. Six months' treatment for \$1. By mail \$1.10.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Consumption always seems at first, only a cold. Do not permit any dealer to impose upon you with some cheap imitation of Dr. King's New Discovery for consumption, coughs and colds, but be sure you get the genuine. Because he can make more profit, he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all throat, lung and chest affections. It is sold at S. J. Hodgkinson & Co.'s drug store.

Saved His Life.

D. I. Wilcoxson, of Horse Cave, Ky., says he was, for many years, badly afflicted with phthisis, also diabetes; the pains were almost unendurable, and would sometimes almost throw him into convulsions. He tried Electric Bitters and got relief from the first bottle, and after taking six bottles, was entirely cured, and had gained in flesh 15 pounds. Says he positively believes he would have died had it not been for the relief afforded by Electric Bitters. Sold at 50 cents a bottle by S. J. Hodgkinson & Co.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co.

Palpitation of the Heart.

Persons who suffer from occasional palpitation of the heart are often unaware that they are the victims of heart disease, and are liable to die without warning. They should banish this alarming symptom and cure this disease by using Dr. Flint's Heart Remedy. "At all drug stores, or J. J. Mack & Co., 9 and 11 Front street, S. F."

The inquiry into the condition of the youth of both sexes in San Francisco, with which Colonel Tobin has commenced his term as Labor Commissioner, is progressing in a most satisfactory manner. The principal aim of the examination is to demonstrate to the Legislature the necessity for the establishment throughout California of a proper system of technical schools. The extent of his inquiry, even though it has not yet progressed very far, demonstrates this necessity beyond a doubt, and there is a probability that the desired result will be attained at the next session at Sacramento. In the meantime, however, it is rumored, says the *Call*, that the feasibility of the technical school scheme is to receive practical demonstration in this city at the hands of a rich gentleman who has taken a very great interest in the inquiry. This gentleman, who, however, desires to be nameless, is at present engaged in drawing up plans for the establishment in San Francisco of a technical experimental school on a small scale. His plans are yet crude, and he is consequently disinclined to give them publicity at present. It is known, however, that he intends to donate \$5,000 to the working, fitting up and putting the institution on a running basis, and then to devote \$5,000 a year to conduct it. He is decidedly averse to amalgamating his institution with that of any of the local societies, but intends that it shall run by itself and be conducted on a basis of its own. The school, as far as it is outlined, is designed to accommodate some twenty boys, though whether any girls are to be admitted is a question for further consideration.

The wool dealers of California, after a thorough discussion of the injurious effect of the long and short haul clause of the Inter-State Commerce law upon their shipments of wool to eastern points, have drawn up a petition to the Commissioners, asking that the clause be suspended so far as it affects their industry. The new rate of \$3 70 per 100 pounds prohibits its shipment overland. It is about six times greater than that of last year, more than four times the present rate by rail, and nearly double those charged by the Canadian Pacific. The route via Cape Horn, while the charges are reasonable, involves a loss of four months, a large amount of interest on money invested, and would necessitate an entire change of business relations long established in handling wool between here and eastern points.

The language used by Chamberlain in speaking at meetings in Ayer has incited the Irish against him, and he has received numerous letters warning him that he will not leave Scotland alive. The Unionists declare it a declaration of war to the knife with the Separatists. The Gladstonians charge Chamberlain with slandering and vilifying his former colleagues by the insinuation that they sympathized with the perpetrators of outrages in Ireland. It is asserted that during this tour through Scotland Chamberlain will be attended by a private guard.

Lawyer Tyler, of San Francisco, who was charged of knowingly procuring the affidavit of an incompetent person, Mrs. Isabella Clarke, for use in the Sharon case, when acquitted Thursday, wept like a child. George has been regarded by many as irrepressible, a browbeater of witnesses and even of courts and juries. The verdict evidently touched a chord that was unresponsive for years.

The President seems to think that his fences need looking after in the South. He will follow Sherman and Blaine.

Every habeas corpus case in San Francisco nets the clerk \$15 00 in fees. The clerk is willing that they shall go on forever.

TO-DAY'S NEWS.

Another Cyclone in Ohio Does \$1,000,000 Damage.

A CORNER ON WHEAT

Governor Adams, of Colorado,
Issues a Proclamation.

A DESPERADO SHOT DOWN

An Anniversary of the Death of
Lincoln.

[PRESS DISPATCHES TO THE GAZETTE]

Another Ohio Tornado.

ST. CLAIRSVILLE, O., April 15.
The terrible storm which was experienced at 3:15 P. M. to-day appeared to be traveling from the west, and was in the shape of a funnel-shaped mass of cloud, resembling in appearance dense, black smoke. The cone was turned downward, and the cloud could be plainly tracked by the destruction it left. Houses were demolished, trees snapped off like pipe-stems, horses and cattle prostrated and carried bodily hundreds of yards by the gale, and the sky was darkened with clouds of flying debris.

The storm and its effects showed all the distinguishing characteristics of Western cyclones.

The damages done here will reach \$200,000. The storm did its work in Belaire, but passed over Bridgeport and the city of Wheeling. Martin's Ferry, north of Wheeling, had from 75 to 100 houses demolished, and the loss there will amount to over \$150,000. It swept everything before it in its march, and it is estimated that the aggregate loss along its path will exceed a million dollars.

The Twenty-second Anniversary.

SPRINGFIELD, Ill., April 16.
The 22d anniversary of the death of Abraham Lincoln was commemorated in the Hall of Representatives yesterday afternoon, the services being under the direction of the Lincoln Guard of Honor. The exercises continued over two hours and were largely attended. Addresses were delivered by Bishop Seymour H. Collier, Member of the House of Representatives, Clinton L. Conkling, a member of Lincoln Guard, read historical paper descriptive of the labor of the guards in guarding the remains of the martyred President against vandal hands.

Quarantine Against Cattle.

DENVER, April 16.
Governor Adams to-day issued a quarantine proclamation against the importation of cattle from Illinois, Kentucky, Maryland, West Virginia, Delaware, New Jersey, New York, Massachusetts, Rhode Island, Connecticut, Missouri, Arkansas, Pennsylvania, and the District of Columbia. Cattle from the above States cannot be brought into Colorado until they have been examined by the State Veterinary Surgeon. If after inspection, they receive clear bill of health, they will be allowed to enter.

Rains in Texas.

GALVESTON, Texas, April 16.
Special weather bulletins from numerous points throughout the State report good rains yesterday in the northwestern grazing districts, also in Indian Territory. How far north of Pan Handle county the rainfall extends is not yet known. At Fort Worth and Gainesville the rainfall amounted to about 1 1/4 inches. The rain belt extends eastward only as far as Dallas and Paris, where moderate showers fell. Further rains are needed in the cattle country where there was a deficiency.

A Tenant House Burned.

NEW YORK, April 16.
A fire early this morning in a double five story tenement, 647 Second Avenue, caused the police great difficulty in rescuing the inmates. Richard Gillard was severely burned and removed to the hospital. Bridget Huss, an aged woman, who lived on the top floor, was burned to death. Loss, \$16,000.

A Pioneer Engineer Gone.

MOBILE, Ala., April 16.
Henry Ihmore, the oldest locomotive engineer in the United States, died in Whistler Ala. He ran the first engine over the Charleston and Hamburg Railroad, the third railroad built in this country. The drivers of the engine were of hard wood.

Clum Hung.

CASSVILLE, Mo., April 16.
E. F. Clum was hanged yesterday for the murder of a young woman named Ella Rowe, July last. Fully 10,000 people witnessed the execution. Clum was greatly affected and cried bitterly. At times he would try to cheer himself by singing hymns.

The Flames.

BIDDEFORD, Me., April 16.
A large fire is in progress at Kennebunkport. Half the business section of the town has been consumed. Biddeford fire engines have been telegraphed for.

Placed on the Retired List.

WASHINGTON, April 16.
Brigadier General Orlando B. Wilcox was to-day placed on the retired list on account of having reached the age of 64 years.

A New York Blaze.

NEW YORK, April 16.
A fire occurred at a coal dock of the New York Central railroad at the foot

of 19th street, North river, this morning. An oil pipe of the Standard Oil Company there had been leaking for some time past. This morning a passing tug boat set fire to the oil, and the flames spread to the docks. It was ebb tide at the time of the burning, and the oil floated to the dock at the foot of Sixty-Seventh street. This was a large and expensive dock. The dock, at the least valuation, was worth \$150,000. It was destroyed with \$10,000 worth of freight. The total loss will be \$200,000.

Railroads Seeking Relief.

WASHINGTON, April 16.
California has sent a written complaint that it cannot send refrigerators to Los Angeles under the present condition of things, and asks relief. This is a sample of the hundreds of letters received by the Commission every day.

The Commission has promised to hear, next Wednesday, the representatives of Boston interests who seek authority for railways to make rates from the West to that city, to meet those made by the roads whose terminals are at New York. No day has been assigned for the hearing of the representatives of California's interest, seeking relief for transcontinental roads from the operations of the long and short haul clause, but are expected some day next week.

A Secret Meeting of Employes.

PITTSBURG, April 16.
An afternoon paper to-day publishes a sensational item in which it is stated that a secret meeting of employes of the Pan Handle road was held last night to consider a bold and decisive move to force the railroad authorities to some kind of a compromise. It is proposed to demand a guarantee that no further arrests shall be made, and that all the men employed on the road be completely exonerated from any complicity in the alleged thefts. Should these guarantees not be forthcoming the men will decline to enter again into the company's service under the suspicious resting upon them.

The Slayer of Ten Men Killed.

ST. LOUIS, April 16.
A special from Chattanooga, Tenn., says that Jim Bates, the desperado, and said to have been the slayer of 10 men, was killed last night in Polk county. He was serving a life sentence in the Georgia Penitentiary, but escaped a few days ago, and during his temporary freedom, murdered two men. Four others from Chattanooga found him in a den in the Chihuac Mountains. He tried to shoot the officers, but they filled him full of buckshot.

A New Railroad President.

DENVER, April 16.
The *News* says at a secret meeting of the stockholders of the Denver & Rio Grande road held in New York nearly two weeks ago, the resignation of President W. S. Jackson was accepted and David H. Moffatt, President of the First National Bank of Denver, was unanimously decided upon as his successor. Moffatt will retain his position as President of the bank.

Believed a Defaulter.

JERSEY CITY, April 16.
The belief of the people of Hoboken is about confirmed that Water Register Murphy is a defaulter. As near as can be ascertained the amount is from \$22,000 to \$23,000.

WESTERN DISPATCHES

The Wheat Market Being Cornered

SAN FRANCISCO, April 16.
It is becoming more evident each day that wheat on this market is being cornered. Those who are not in the ring positively assert so and call attention to the fact. The present ruling price is higher than those of any other wheat market in the world. William Driskell, President of the Produce Exchange, has bought great quantities within the last three months and is still taking all he can get. Those who have reason to know, say he is buying not only on his own account, but also for the Nevada Bank and John W. Mackay's, and the intention is to run the prices up higher until they have absolutely cornered the entire surplus wheat crop of California. Several members of the Produce Exchange have entered complaints against the alleged "corner," and have petitioned the directors to set the figure for marginal purposes beyond which no member of the Board can go. This matter will be considered to-day.

No Action Taken.

SAN FRANCISCO, April 16.
The Produce Exchange, at its session, this morning, took no action on the matter of fixing the price of wheat options, as no petition to that effect was presented by the "bears," as it was reported would be done. Prices at the close were "buyer season" one eighty-four and seven-eighths, "buyer eighty-seven," one nine-six and one quarter as against yesterday's close for the former one eighty-five and three-eighths and the latter one ninety seven and one eighth.

FOREIGN DISPATCHES

A Night Attack.

BOMBAY, April 11.
Intelligence has been received here that a body of Afghans troops made a night attack upon a force of Ghilzal rebels and killed 200 of them. Several villages in the disturbed district of Afghanistan have been destroyed by fire. A number of others tribes than Ghilzais are joining in the rebellion against the authority of the Afghans. The reports are that the Russians are moving by slow stages towards Zulicair, which place is about 140 miles northwest of Herat.

The Prince of Wales as Honorary President.

LONDON, April 16.
The building used as the headquarters of the Salvation Army in London is burning and will probably be totally destroyed. The Prince of Wales has consented

A CARD.

The residence of the pastor of the Baptist Church at Reno was entered last evening about 8 P. M. by a company of men and women, while the family was about retiring for the night, bringing with them loaded baskets of the good things of life. After an hour or two of social visiting and singing, the company dispersed, leaving the pastor and his family hapless and better provided with the necessary things of life, including a nice glass dish most full of gold and silver, for which we return our thanks. Yours in the gospel.

LOCAL NEWS.

Happenings of the Day in Reno and Vicinity.

An Excursion to Southern California.

In answer to a request that an excursion be arranged from Reno to San Francisco, Los Angeles, San Diego and other points of interest in California, General Passenger Agent Goodman wrote Freight and Ticket Agent Higgins at this town yesterday that he believed it could be arranged, provided sleepers can be had. The idea is to have an excursion train leave Reno on the evening of the 28th instant, arrive in San Francisco the following morning and remain there until 7 o'clock that evening; arrive in San Diego on May 1st; remain there 26 hours; leave San Diego on Monday, May 21, for Santa Monica; stop there over night; arrive in Los Angeles on Tuesday, May 30, at 8 A. M.; remain there 24 hours, and arrive in San Francisco on May 5th at 5:40 P. M. In case the excursion is decided upon, arrangements will be made to stop for an hour or so at many other points of interest along the way; to have sleepers for all, and a dining car attached to the train, and to place the price of tickets so low that even those in moderate circumstances can afford the trip.

An Octogenarian Surprised.

Among the local events of yesterday was the celebrating of the eightieth anniversary of Grandmother Scott. Forty of the old and young, after the old lady had been decoyed from home, entered her house, each contributing, and caused the tables to almost grow with luxuries. After this was accomplished Mrs. Scott was sent for, and her surprise can better be imagined than that expressed. Not only the richly laden tables awaited her appearance but many fine presents.

Making the Place Attractive.

Improvements are the order of the day at the Lake House. The management intend making it one of the most attractive hotels in Nevada. The fruit trees and shrubbery have been trimmed, the gardens laid out in attractive beds, and all the rubbish about the premises hauled away. That these well-directed efforts are appreciated is evident from the large number who have applied to Messrs. Stoddard & Twiss during the past week for board and lodging.

A Serious Accident.

Michael Shields, who resides on the Frazer ranch, while on his way to the cedars for wood yesterday, stopped at Ben Dunning's, in Spanish Spring Valley, to water his horses, and, getting down, stepped onto the double-tree and fell, frightening his horses, which started to run, drawing the wagon over his thighs, bruising him very considerably. The horses ran about four miles. Shields was taken to his home.

Recent Records of Transfer.

H. M. Mills and wife has deeded to W. H. Young lot 3 (with house thereon) of block 6, Lake's addition; consideration, \$600.

Anna J. Gilson to Smith J. Hill, lots 16 and 17 of block G.—on Plaza street, between Sierra and Virginia streets; consideration, \$1,500.

Western Union Telegraph Company to F. M. Payne, lot 14 in block Q, and lot 19 in block I; consideration, \$500.

The "Mikado" To-Night.

Probably the largest audience that has ever gathered in the Nevada Theater will be present to-night to witness the performance of the "Mikado" by the Carleton Opera Company. Many Renolites have never yet seen this play, that is so highly spoken of by the press wherever produced, and especially by this excellent combination.

The Postoffice Building.

The foundation for the building to be occupied as a postoffice will be completed to-day. Mr. Thompson has a large number of brick which he purchased in Carson on the ground. The edifice will be pushed to completion as fast as possible.

Cattle Shipments.

Five carloads of beef cattle were shipped from this point yesterday to Grayson, Owen & Co., Oakland. Six carloads of Grimes & White-man's be-vees, consigned to the same firm, will pass through from Wadsworth this evening.

Change in Business.

Craig & Livers have sold their butcher shop and good will to Charles Moeller, late of Steamboat Springs, and Mead, of Belleville. The change will take place on Monday.

The University.

The Regents of the University have directed its completion under the superintendence of Mr. Curtis, the architect. The laborers will be employed by the day.

Painting Up.

The painters are busy in adding to the beauty of Reno. Many of the business houses as well as private residence are being made more attractive by the brush.

WILL YOU SUFFER with Dyspepsia and liver complaint? Shiloh's Vitalizer is guaranteed to cure you. For sale by Osburn & Shoemaker.

PERSONAL.

Governor Stevenson and family went below last night.

Colonel Heriot arrived from San Francisco this morning.

Hon. W. H. A. Pike, of Churchill county, is visiting Reno.

H. J. Rolf, a Comstock broker, was a passenger for the Bay last night.

Hon. Wm. M. Havenor came up from Carson City last evening. He is logging now at Incline.

F. Billings, of the Northern Pacific, and party in the special car Wanderer, were eastward bound this morning.

G. W. Mershon, who was called to Laporte, Plumas county, to visit a dying uncle, Thomas Ede, arrived home on the morning train.

Henry Rosener, General Manager of the land telegraph lines, with which J. W. Mackay is associated, arrived from San Francisco this morning with Mr. Mackay and left for Virginia City.

Mrs. Frank Fielding and Mrs. Brophy, her mother, of Virginia City, were passengers on last night's express train for Marysville, Cal., where they will visit for several days and then go to the southern part of the State for a month or two. Mr. Fielding accompanies them.

The Platte Family Increasing.

To a GAZETTE reporter this afternoon Captain Johnson Sides, quite an intelligent member of the Platte family, said that the idea prevalent among the whites that his people are gradually diminishing in numbers, is incorrect. The census returns of 1880 show that there were at that time only 3,700, but he says many of them were not counted and that there were fully 8,000. He estimates the present number of the tribe at fully 9,000, and probably 9,500. Many of them are as far north as Snake river and as far south as the Owens Valley country. Some wander east as far as Elko county, and but few of them cross the Sierras into the valleys of California. In 1884, smallpox and measles killed a large number of the race, but since then they have been comparatively healthy and are increasing in number yearly.

State Land Office.

During the week ended yesterday there were filed at the State Land Office, Carson, 31 applications for land, covering 8,380.10 acres, on which payments were made aggregating \$2,215.21. The partial payments on contracts amounted to \$258.04, and the interest payments on contracts to \$567.12. There were withdrawn during the week, 1,520 acres, on which the cash payments amounted to \$380, making the total net receipts of the week \$2,260.37. Fifteen contracts were completed in duplicate, embracing 2,879.09 acres, representing \$2,879.09, drawing 6 per cent. interest per annum from date. Sixty-two applicants for State land were notified to file non-mineral affidavits covering 12,250 acres, as required by the authorities at Washington.

Rich Placers Discovered.

Residents of Golconda, Humboldt county, are excited over the discovery of rich placers by Paul Pinson and Judge Bonfield at Gold Run, about 13 miles in a southeasterly direction from the railroad settlement. A ditch three miles long will be required to bring the water in, two miles of which have been already completed. A correspondent of the *Silver State* says that "nuggets weighing from \$2.50 to \$7.80 have been found by these gentlemen, and there is quite an undercurrent of excitement waiting upon the result of their venture."

Nevadans Reaching Out.

The firm of Riley & Hardin, of which Colonel Hardin, of Humboldt county, is a member, has completed negotiations for another large body of land near the stock ranch, which they recently purchased at Cottonwood, Shasta county, California. This new purchase with that purchased a month ago makes 80,000 acres of land. The range begins ten miles west of Cottonwood and extends westerly. Riley & Hardin own extensive cattle ranges on Quinn river in this State and also in Oregon, and in Mendocino county, California.

Admiring Spectators.

While waiting for the arrival of the train Wednesday morning the female members of the Carleton Opera Troupe passed away the time by playing ball, and nearly every male citizen of Carson, says the *Index*, was there looking on admiringly, and longing to take a hand in the game.

Carson Team Ahead.

Mr. Geo. C. Thaxter, of Carson, received a dispatch from Col. Bull, of Springfield, Mass., stating that his team of fifteen had made 575 points. The Carson Guard scored 635, thus beating the Springfield team by 60, being 4 points to each man on a Creedmore target, and about 10 on a ring target.

Nearing Completion.

Mr. Benson's spacious residence on Sierra street is under roof. It will be one of the most modern, in style and attractive buildings in town.

The *Index* says that during the past week a number of enterprising persons have left Carson for the Owens River country, with the intention of taking up Government land in that section.

Efforts are being made by prominent citizens of Reno to have the Southern Pacific Company run daylight trains between here and San Francisco again this Summer. The move is a good one.

The fruit-growers in this vicinity say that fruit is all right, as far as the late cold spell injured it some, but if there is no more cold weather they can stand the loss sustained up to the present time and not feel it.

The partnership heretofore existing between Clarke & King has been dissolved by mutual consent. General Clarke will establish an office in Reno with Charles A. Jones, and give personal attention to business.

An immense avalanche came down at Mount Stephen, near Field, British Columbia, on Tuesday last. It covered the Canadian Pacific Railroad track to a depth of 40 feet and 150 feet long. Luckily no one was injured by it.

The *Carson Tribune* says that the newspapers are in error in reporting the appointment of George Bird as Commissioner of Elko county, vice Mart Smith deceased, and that Governor Stevenson has not yet made an appointment.

BILL BY "ON Malos.

James—The man which you say you see in so many pictures is not worn at the present time anywhere, especially in this climate. In the early history of the world people went bareheaded, then they began to wear the halo, and after that gradually adopted the laurel wreath, and later on the plug hat.

People seem to have grown less and less robust as the country grew older and civilization advanced farther and farther. A cherub would fly for days with a pair of light summer wings and never feel the cold, but gradually people began to leave their measure at the orchard for fig-leaf clothes, and then the next jump was chest-protectors and fur overcoats. It's all habit; and yet a man who would attend the grand winter carnival at St. Paul this winter wearing nothing but an old-fashioned halo with a hole in it would attract attention. -Chicago News.

A Life Made Miserable.

By dyspepsia is scarcely worth the living. A capricious appetite, heartburn, puzzling nervous symptoms, increased action of the heart after eating, sinking in the abdomen between meals, and flatulence after, are among the consecutive incidents of this harassing complaint. Two things—only are needful for its removal. A resort to Hostetter's Stomach Bitters, and persistence in its use. These remedial measures being adopted, a cure is certain. Taken immediately before or after meals, this great stomachic promotes secretion of the gastric juice, the natural solvent of the food. The nervous and bilious symptoms consequent upon chronic indigestion disappear, as the complaint gradually yields to the corrective and invigorating influence of the Bitters. Appetite returns, sleep becomes more refreshing, and as a sequence, the body is efficiently nourished, muscular power increased, and the mind grows sanguine. Use the Bitters for chills and fever, and rheumatism.

HEART DISEASE

Headache. Dr. Flint's HEART REMEDY is one of the best remedies known for headache, which is often dependent upon disease of the heart, sometimes upon nervous disease, and sometimes upon derangement of the circulation.

Convulsions. Dr. Flint's HEART REMEDY is once causes convulsions to cease, and by a proper use of the medicine will prevent their recurrence, either in children or adults.

Delirium. Dr. Flint's HEART REMEDY, when given in cases of delirium, calms the excited brain, and by securing rest for the sufferer, promotes the restoration of health.

A Double Influence. Dr. Flint's HEART REMEDY will cure cases of Neuritis which other remedies have failed to reach, as it exercises a double influence, in one case over the circulation, and in the other over the nerves.

As a drug, it is \$1.50. Descriptive treatise with each bottle; or address
